Traits

Constants are supported in traits

```php
// PHP 8.1

trait VersionDependent {
    protected function ensureVersion(): void {
        if (self::CURRENT_VERSION < self::MIN_VERSION) {
            throw new Exception(message: 'Current version is too old');
        }
    }
}

class foo {
    use VersionDependent;
    const CURRENT_VERSION = 2.4;
}
```
